

### About

Chef Gam is a vibrant catering company led by the creative talents of herself. Passionate about food, Gam has been cooking her entire life, having learnt to cook from her grandmother who was also a chef. She previously worked in a successful restaurant in Bangkok and then moved to Koh Phangan to continue her love for cooking in paradise. After running her own popular restaurant in Sri Thanu, serving a selection of Thai and European fusion food, she decided to create her private catering company in 2014 to answer a growing demand on Koh Phangan.

Inspired by her life-long passion for food, Gam has set a standard for how catering should be bringing fresh and innovative ideas to create dishes that look, smell and taste extraordinary. Although her cooking style is rooted in classical Thai cuisine, she has also been inspired by the foods and tastes of Vietnam and Europe. Gam uses only fresh ingredients combined with an energetic and flexible approach that allows her to create a menu that suits your personal tastes.

### Services

Let Chef Gam take out the stress of cooking for you on holiday. She will buy fresh ingredients, cook in your villa at the time of your choice, lay the table and serve your meal efficiently and discreetly. She'll also make sure, when she leaves your villa, that the kitchen is at least as tidy as she found it.

She can also serve wine from the selection in your villa's cellar.

**The cost of this fine experience is 1600 THB in addition to the Menu's price.**
